LIST of AVAILABLE PUBLICATIONS

of the United States
Department of
Agriculture

Compiled by
Mildred T. Fortson

Publications Division
Office of Information
U.S. DEPARTMENT OF AGRICULTURE

List No. 11

Issued May, 1969

Current as of January, 1969

For sale by the Superintendent of Documents, U.S. Government Printing Office
Washington, D.C., 20402 - Price 45 cents

HOW TO USE THIS LIST

This list gives the publications of the U.S. Department of Agriculture currently available as of January, 1969. Department publications are intended primarily for farmers, consumers, homemakers, suburbanites, research workers, teachers, and others who are interested in agriculture or related subjects.

SECTION I tells how to order free publications from the Department and publications that are for sale from the Government Printing Office.

SECTION II gives titles of publications, classified by subject matter.

SECTION III is an alphabetical listing of subjects and a ready reference to titles.

For published reports of State agricultural colleges and State agricultural experiment stations, write directly to the station concerned. Addresses are available from the Office of Information on request.

SSIR—Soil Survey Investigations Report	
T—Technical Bulletin	
URR—Utilization Research Report	
YB—Yearbook	

List of Available Publications of the **UNITED STATES DEPARTMENT OF AGRICULTURE** **SECTION I** **GENERAL INFORMATION** **HOW TO OBTAIN FREE PUBLICATIONS**

Publications are free, as long as the supply lasts, unless a price is given. On general requests not more than one copy each of 10 publications is allowed. Justification is required if more are requested. Use the following instructions as a guide.

Educational Institutions

Libraries and instructors may obtain as many as one each of 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

Extension Workers

Please follow instructions from your State Extension Distribution Officer, at the State office.

When requesting popular booklets for the public (Farmers' Bulletins, Leaflets, and Home and Garden Bulletins), use your copy of the Annual Inventory of USDA Popular Publications and monthly supplements for the most recent titles.

Foreign Governments, Institutions, Residents, Private Agencies

No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, resident or private agency unless exchange arrangements have been made by the Director of the National Agricultural Library of the Department of Agriculture, who will be glad to arrange for such exchange of publications. All inquiries concerning exchange should be addressed to the National Agricultural Library, Beltsville, Maryland 20705. Copies of any listed publication may be purchased from the Superintendent of Documents in accordance with the instructions under **How To Order Publications For Sale Only**. Prices not given will be quoted upon request.

Government Agencies and Cooperators (Federal, State, county and local)

Library and office copies of free publications may be obtained when needed. Consideration will also be given to quantity requests if effective distribution can be assured.

Libraries (State or Public)

One copy each of any free publication needed.

LIST OF AVAILABLE PUBLICATIONS

Organizations (commercial)

One copy each of free publications will be furnished to libraries on request. Not more than one copy each of 10 publications is allowed on other requests. If more are desired it is requested that they be purchased. Where prices are not given, they will be quoted on request from the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

Organizations (nonprofit)

Library or office copies of free publications will be furnished on request. Consideration will also be given to quantity requests if effective distribution can be assured.

Press

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission, as otherwise the supply on hand might not be sufficient to meet the demand.

Public

Not more than one each of 10 publications are allowed unless justification is given.

Radio and Television Stations

Library and review copies of free publications will be furnished on request. Justification is required if more than 50 are ordered. Publications cannot be furnished for redistribution. Before publicizing a publication please obtain permission, as otherwise the supply on hand might not be sufficient to meet the demand.

Teachers

Libraries and instructors may obtain as many as one each of 100 free publications. Justification is required if more are ordered. The Department is unable to supply them in quantity for individual textbook use.

HOW TO ORDER

After consulting the above guide write your name and address plainly. Postal regulations require the Department to use ZIP CODES. Please include YOUR ZIP CODE to insure delivery of the publications requested. Send orders for free publications to the Publications Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250. Give the title of bulletin and order number. To hasten action on your request, group the publications by the order-number letter and list numerically. See sample order below.

Sample Order:	Blueberry growing.	F 1951
	Insurance facts for farmers.	F 2137
	Elm bark beetle.	L 185
	Growing red clover.	L 531
	Hand sprayers and dusters.	G 63
	Equipment for cooling your home.	G 100
	Conservation irrigation.	AB 8
	Houses and equipment for laying hens	
	... for loose housing.	M 728
	Cheese buying guide for consumers.	MB 17
	Layouts and work methods for wool	
	warehouses.	MRR 667

HOW TO ORDER PUBLICATIONS FOR SALE ONLY

Send order together with remittance for publications marked with an asterisk (*) to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402. Remittances can be made by coupons which are sold by the Superintendent of Documents in the denomination of 5¢, postal money order, express order, or personal check. Currency may be sent at sender's risk.

Persons who make frequent purchases from the Superintendent of Documents may find a deposit account convenient. Deposits of \$25.00 or more are accepted whereby orders may be placed without making individual remittances or first obtaining quotations. Order blanks are furnished for this purpose. Sufficient deposit to take care of publications ordered must be on hand at all times.

No additional amount for postage is required for shipment within the United States, its territories, Canada, Mexico, and all Central and South American countries except as hereafter noted. For shipment to all other foreign countries, including Argentina, Brazil, British, French, and Dutch Guiana, and British Honduras, it is necessary to include an additional one-fourth of the total cost of publications ordered to cover foreign postage. Remittances from foreign countries should be by international money order payable to the Superintendent of Documents or draft on an American bank. Foreign money and postage stamps are not acceptable. **Exception:** When subscribing for a periodical do not send postage, as this is provided for in the foreign subscription price.

A discount of 25 percent is allowed to authorized book dealers and to purchasers of 100 or more copies of one publication on condition that the purchasers will adhere to the public sale price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter.

PUBLICATIONS NO LONGER AVAILABLE

Publications of the Department no longer in print may be consulted in public or university libraries maintaining government publications. Many of these libraries carry fairly complete files of Department of Agriculture publications. If the one nearest you is at any distance, time might be saved if you communicate with the library concerning the publications you want to consult before making a trip. In addition to unavailable publications, the ones listed herein may also be consulted.

MICROFILMS AND PHOTOPRINTS

Microfilm and photoprint copies of any Department publication in the Library's collection may be bought from the National Agricultural Library, U.S. Department of Agriculture, Washington, D.C. 20250. The Library's order form, available upon request, should be used in ordering. All charges are payable in advance. Credit may be extended Government agencies and institutions upon request. Payments should be made by check or money order payable to the "National Agricultural Library." Currency is sent at the sender's risk. Payment for orders originating outside the United States should be made by international money order, or by draft on a bank in the United States. National Agricultural Library coupons (obtainable from the Library at \$1.00 each) and UNESCO book coupons are acceptable.

Microfilm: \$1.00 for each 30 pages or fraction thereof from a single article or book.

Photoprints: \$1.00 for each 4 pages or fraction thereof from a single article or book.

DESCRIPTION OF SERIES

AGRICULTURAL ECONOMICS REPORTS

Semipopular or semitechnical reports on production, marketing, and use of agricultural products for professional and technical workers.

AGRICULTURAL HANDBOOKS

Information for ready reference, such as manuals, guidebooks, specifications, glossaries, and lists of plants or animals, for professional and technical workers.

AGRICULTURE INFORMATION BULLETINS

Subject matter of interest to people and groups throughout the American public—urban as well as rural.

CONSERVATION RESEARCH REPORTS

Reports of conservation research, including reports on less complete research projects than are reported in the Technical Bulletin Series.

FARMERS' BULLETINS

Information on practical methods of applying the results of scientific research to farming in simple language.

LIST OF AVAILABLE PUBLICATIONS

FOREIGN AGRICULTURAL ECONOMIC REPORTS

Semipopular or semitechnical reports with emphasis on keeping the nation's agricultural interest informed of current developments abroad in the supply, demand, and consumption of agricultural products.

FOREST RESOURCE REPORTS

Economic information on forest resources.

HOME AND GARDEN BULLETINS

Information on home and garden subjects for use by town and city as well as farm residents.

HOME ECONOMICS RESEARCH REPORTS

Technical or semitechnical reports of home economics research for professional and technical workers in home economics and related fields.

LEAFLETS

Popular material of the same general character as the Farmers' Bulletin series but in a briefer form.

MARKETING BULLETINS

Popular presentations of information on agricultural marketing for the general public.

MARKETING RESEARCH REPORTS

Results of marketing research in semitechnical or semipopular style.

MISCELLANEOUS PUBLICATIONS

Both technical and nontechnical publications that do not conform to the size or type of material specified for the other series.

PRODUCTION RESEARCH REPORTS

Semitechnical or semipopular reports of production research, with emphasis on the application of the information in the production of farm products.

PROGRAM AIDS

Information on current farm programs for people affected by the programs.

SOIL SURVEY INVESTIGATIONS REPORTS

Technical reports on soil investigations, particularly reports of detailed studies of soil formation and laboratory data and descriptions of individual soils.

SOIL SURVEY REPORTS

Soil Surveys present a soil map of a county or area and a report that includes soil descriptions, land-capability groupings, productivity estimates, management suggestions; a technical discussion of a soil morphology, relation of soils to their environment, principles of their classification; and a general description of the climate, agriculture, markets, and other features significant to soil problems. Requests for a list of soil survey reports available in your State or inquiries regarding these reports should be addressed to the Soil Conservation Service, United States Department of Agriculture, Washington, D.C., 20250.

STATISTICAL BULLETINS

These publications consist mainly of tables of statistics on one or more closely related agricultural commodities. They may include statistics on production, movement from the farm, receipts at principal markets, reshipments, farm and market prices, exports and imports, and foreign production and prices. They are of particular interest to persons actually engaged in marketing, or any business affected by agricultural production and marketing.

TECHNICAL BULLETINS

Technical Bulletins present results of research work carried on by the Department of Agriculture and its cooperators. They are written in technical language and are intended chiefly for distribution to scientists and specialists in the fields studied. Usually a comparatively small edition is printed which limits the number of copies that are available for free distribution.

UTILIZATION RESEARCH REPORTS

Semitechnical or semipopular reports, with emphasis on the application of the information in the utilization of farm products.

YEARBOOK OF AGRICULTURE

An annual publication devoted to articles on agricultural problems, new developments in agriculture, and research findings.

AGRICULTURAL STATISTICS

The annual statistical compendium issued by the Department covering virtually all phases of agriculture.

OTHER SERIES

Series other than above have been either discontinued or are issued by agencies of the Department to meet their individual needs. For descriptions of periodicals, see pages 75-82.

ENTOMOLOGY

INSECTS—GENERAL

Controlling the greater wax moth . . . a pest of honeycomb. 1967.	F 2217
Development of blacklight traps for European chafer surveys. 1967.	T 1366
Find and report your insect enemies. 1967.	PA 796
Finding hidden insects (Student or Classroom Science Project No. 1).	PA 786
Glossary of some foreign-language terms in entomology. 1961. AH 218	
Insects. (Yearbook.) \$3.25. *YB 1952	
Materials tested as insect attractants. 1963. AH 239	
Our struggle against pests—an introduction for American youth. 1967.	PA 772
Seasonal populations and flight patterns of several noctuid moths in south-central Arizona. 1968. 15¢.	*PRR 100
Trapping insects with light (Student or Classroom Science Project No. 2).	PA 787

Bees—Apiculture

Beekeeping in the United States. 1967.	AH 335
Colony populations and honey production as affected by honey bee stock lines. 1961.	PRR 55
Electric heating of honey bee hives. 1967. 15¢.	*T 1377
Identifying bee diseases in the apiary. 1967.	AB 313
Protecting honey bees from pesticides. 1968.	L 544
Selecting and operating beekeeping equipment. 1965.	F 2204
Shade and water for the honey bee colony. 1964.	L 530

Life Histories

An annotated list of generic names of the scale insects (Homoptera: Coccoidea). 1966. 55¢.	*M 1015
Bagworm. 1965.	FPL 97
Biological control of the citrus blackfly in Mexico. 1964.	T 1311
Biological control of the Japanese beetle. 1968. 30¢.	*T 1383

PERIODICALS

NOTE.—Foreign governments, institutions, private agencies: No publications issued by the Department of Agriculture will be sent regularly free of charge to any foreign government, institution, or private agency unless exchange arrangements are made with the National Agricultural Library, Exchange Section. All inquiries concerning exchange should be addressed to the U.S. Department of Agriculture, National Agricultural Library, Exchange Section, Washington, D.C., 20250.

AGRICULTURAL/BIOLOGICAL VOCABULARY

Content.—The Agricultural/Biological Vocabulary, first edition, prepared by the National Agricultural Library, is a major tool for use in automated or manual information storage and retrieval systems devoted to subject fields of interest to agriculture. The Vocabulary comprises two volumes. Volume 1 lists the terms under broad subject fields and within specific subject groups; Volume 2 is an alphabetical list of the terms, which includes references to preferred terms, narrower terms, broader terms. Supplements to the basic work are being prepared.

Free distribution is limited to individuals, libraries and other organizations engaged in the processing of agricultural biological information. Apply to Agricultural Vocabulary Project, National Agricultural Library, Beltsville, Maryland, 20705.

Sales distribution is made by the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402. The price of the two volume set is \$6.00.

AGRICULTURAL ECONOMICS RESEARCH

Content.—This quarterly published by the Economic Research Service, contains technical articles which deal with methods, results, and findings of research in agricultural economics, statistics, and marketing.

Free distribution is limited chiefly to professional workers in the field of agricultural economics. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution. Single copies, 25¢ each; domestic subscription, \$1.00 a year; foreign subscription, \$1.25 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

AGRICULTURAL FINANCE REVIEW

Content.—Issued annually by the Economic Research Service; supplement is issued later in the year. Discusses current developments and research findings in the various phases of agricultural finance. In addition, it is a basic source of financial data pertaining to agriculture in the United States. Signed articles by research specialists or officials of operating agencies and brief news items cover important developments in the changing financial situation of agriculture and in the financial institutions that serve agriculture. Research findings and analyses relate to such subjects as sources of capital used in agriculture, farm-mortgage credit, non-real estate credit, financing of specialized activities such as purchase of machinery, storage of commodities, agricultural risk and insurance, farm bankruptcies, farm real estate volume and transfers, taxation of farms and of farmers, and the interrelations of agriculture and public finance at local, State, and National levels. A statistical appendix contains detailed data by States and

by geographic divisions. Also included are a list of current research activities in agricultural finance as reported by Federal and State agencies and reviews of pertinent books.

Distribution. is intended for use by agricultural groups, government officials, economists, and educators who have need for a ready compilation of material relating to agricultural finance. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

AGRICULTURAL MARKETING

Content.—This monthly magazine reports on Consumer and Marketing Service activities in consumer protection, consumer food programs, marketing regulatory programs and marketing services programs. Agricultural Marketing brings together up-to-date information on these programs conducted by Federal, State, municipal, and commercial agencies and reports on activities such as the formulation of standards; inspection and grading of meat, poultry, produce, grains and other agricultural commodities; market news; administration of regulatory legislation; and the various food distribution programs, such as the National School Lunch, Commodity Distribution, and Food Stamp Programs.

Free distribution.—Limited to consumer, farm, and trade publications, the general press, State marketing officials, government officials, vocational agriculture and home economics officials, staff members of agricultural colleges, experiment stations, and other institutions, persons who can further disseminate consumer and marketing information, and libraries. Write to the Information Division, Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 15¢ each; domestic subscription, \$1.50 a year; foreign subscription, \$2.25 a year. When remitting for a subscription to be sent to a foreign country, do not include postage. Send remittance and request to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

AGRICULTURAL OUTLOOK DIGEST

Content.—Agricultural Outlook Digest is a monthly digest of current indications as to the outlook for farm production, income, farm employment, demand, exports, prices received by farmers, prices paid by farmers, and the outlook for various farm commodities.

Free distribution.—For sample copies or addition to the mailing list, write to the Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

AGRICULTURAL RESEARCH

Content.—This monthly illustrated periodical is designed to report current research findings to those who work directly with farmers, processors, marketing agencies, and the general public.

Free distribution, which is limited, includes extension workers, vocational agriculture teachers, other Federal and State workers, industrial research directors, advisory committees, farm organizations, press and radio, and trade associations. Apply to Agricultural Research Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies 15¢ each; domestic subscription, \$1.50 a year; foreign subscription, \$2.00 a year. When remitting for a subscription to be sent to a foreign country, do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

AGRICULTURAL SCIENCE REVIEW

Content.—Issued quarterly by Cooperative State Research Service. Contains critical review articles providing authoritative commentary on the current state of agricultural research.

Free distribution.—Limited chiefly to research administrators and key scientists of USDA and the State land-grant universities. Apply to Division of In-

formation Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies 35¢ each; domestic subscription, \$1.25 a year; foreign subscription, \$1.50 a year. When remitting for a subscription to be sent to a foreign country, do not include postage. Send request and remittance to Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

AGRICULTURAL SITUATION

Content.—This monthly publication contains brief reports of current marketing and economic developments affecting farmers. It is designed for those interested in agriculture from a nontechnical standpoint.

Free distribution is limited to voluntary, unpaid crop, livestock, and price reporters, county agents and other local agricultural workers, and to libraries, the press, and Government officials. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies 5¢ each; domestic subscription, 50¢ a year; foreign subscription, \$1.00 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

AGRICULTURE DECISIONS

Content.—This monthly official publication makes available to the public decisions of the Secretary of Agriculture under regulatory laws administered in the United States Department of Agriculture. The decisions may be described generally as decisions which are made in proceedings of quasi-judicial (as contrasted with quasi-legislative) character, and which, under the applicable statutes can be made only after notice and hearing or opportunity for hearing have been given. Current court decisions involving the regulatory laws administered by the Department are included in this publication. An annual Index-Digest and Subject-Index of both the agriculture decisions and court decisions, lists of decisions reported, table of statutes, orders, etc., cited and construed, and other tables will be found at the end of each December issue.

Free distribution is limited to individuals and collaborators engaged in regulatory work. Apply to the Consumer and Marketing Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Price of single copy varies depending on size; domestic subscription, \$5.00 a year; foreign subscription, \$6.25 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

BIBLIOGRAPHY OF AGRICULTURE

Content.—This monthly publication indexes the literature on agriculture and the related sciences received by the National Agricultural Library from all over the world. About 100,000 items are indexed every year.

Free distribution is limited to Federal and State agencies, libraries, agricultural associations, and similar institutions. Apply to the National Agricultural Library, Beltsville, Maryland, 20705.

Sales distribution.—Single copies vary in price; domestic subscription, \$19.00 a year; foreign subscription, \$23.75 a year. Do not add postage for subscriptions to be sent to a foreign country. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

BIMONTHLY LIST OF PUBLICATIONS AND MOTION PICTURES

Content.—This list is issued every other month. It gives the title of each printed publication issued by the Department during the preceding months. It also lists and describes any motion picture released.

Distribution is free. This list will be sent to anyone who requests it. Apply to the Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

C&MS SERIES REPORTS

Content.—Reports of the Consumer and Marketing Service which do not come within the scope of the regular Department publications series or which are preliminary in nature are issued in the C&MS and other series. The C&MS is responsible for consumer protection, consumer food programs, marketing regulatory programs and marketing services. A list is maintained for mailing copies of all reports in this series to interested libraries. Titles of reports are listed, as issued, in the Bibliography of Agriculture and the Monthly Catalog of United States Government Publications (issued by the Superintendent of Documents, United States Government Printing Office, Washington, D.C., 20402). For single copies of C&MS Series Reports write to Information Division, Consumer and Marketing Services, U.S. Department of Agriculture, Washington, D.C., 20250, giving report number and title, if known, or subject matter covered.

CHECKLIST OF REPORTS

Content.—The checklist of reports issued by the Economic Research Service and the Statistical Reporting Service lists agricultural economics publications issued during the previous month. Periodicals are not included, except for annual statistical compilations.

Free distribution.—For sample copies or addition to the mailing list, write to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

EXTENSION SERVICE REVIEW

Content.—The Extension Service Review is issued monthly by the Federal Extension Service for workers and cooperators of the Department of Agriculture who are engaged in Extension activities. The Review offers Extension workers professional guideposts and new routes and tools for a speedier, more successful endeavor. It is a source of ideas and useful information on how to reach and motivate people to farm more efficiently, make the home and community a better place to live and work, and provide out-of-school learning experiences to help youth become more productive members of society.

Free distribution is limited to extension workers. Apply to the Federal Extension Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 15¢ each; domestic subscription, \$1.50 a year; foreign subscription, \$2.25 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

THE FARM INDEX

Content.—Issued monthly by the Economic Research Service, this magazine reports in nontechnical language the results of ERS's broad research program. Material is grouped according to special interest of farming, rural life, marketing, the foreign market, and the consumer.

Free distribution is limited primarily to Extension specialists, economists, the press, groups cooperating in ERS research programs and others who work with farmers, farm-related businesses, and consumer groups. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 20¢ each; domestic subscription, \$2.00 a year; foreign subscription, \$2.75 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

FIRE CONTROL NOTES

Content.—A quarterly periodical devoted to the technique of fire control. Articles and notes deal with fire research or fire control management: Theory, relationships, prevention, equipment, detection, communication, transportation,

cooperation, planning, organization, training, firefighting, methods of reporting, and statistical systems.

Free distribution is limited to Forest Service employees and cooperators in fire control work. Apply to the Forest Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 20¢ each; domestic subscription, 75¢ a year; foreign subscription, \$1.00 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

FOREIGN AGRICULTURAL TRADE OF THE UNITED STATES

Content.—A monthly analytical review of the foreign agricultural trade of the United States, emphasizing current status and outlook for trade, including Food-for-Peace shipments. Regularly summarizes cumulative data on quantity and value from July 1 of the current year with comparisons for the corresponding period of the previous year; cumulative country totals from July 1 of the current year only. Government program information consists of quantity and value totals for individual commodities and countries as available. Frequently includes timely articles of special interest to American exporters and importers. Once a year includes fiscal year data on imports of fruits and vegetables under quarantine.

Distribution.—Free in the United States. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

FOREIGN AGRICULTURE CIRCULARS

Content.—Contain current information on foreign production of principal agricultural commodities and market trends and developments. Designed to assist foreign marketing of United States farm products.

Distribution.—Issued at irregular intervals on separate mailing lists for the following groups of commodities:

Canned Deciduous Fruits	Hops
Coffee	Livestock and Meat
Citrus Fruits	Nuts
Cocoa	Poultry and Eggs
Cotton	Rice
Dairying	Seeds, Field and Vegetable
Deciduous Fruit	Sugar
Dried Fruit	Tea, Spices, and Other Tropical Products
Dried Pulses	Tobacco
Fats and Oils	Vegetable Fibers
Grains (Other Than Rice)	Wool

Available free in the United States. Apply to Foreign Agricultural Service, U.S. Department of Agriculture, Washington, D.C., 20250.

SUPPLEMENTS TO FOREIGN AGRICULTURAL TRADE OF THE UNITED STATES

Content.—U.S. Foreign Agricultural Trade by Commodities—issued on a fiscal year and calendar year basis—contains detailed quantity and value data for the 2 most recent years, quantity indices, and historical series. U.S. Foreign Agricultural Trade by Countries—issued on a fiscal year and calendar year basis—contains commodity-by-country and country-by-commodity data for the most recent year only.

Distribution.—Free in the United States. Apply to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

FOREIGN AGRICULTURE

Content.—Issued weekly; 16 pages, illustrated. Presents the news of world agricultural trade, especially as it affects U.S. agriculture, reports on current crop and livestock developments abroad, foreign trends in production, policies,

prices, supplies, and consumption of farm products and other factors affecting world demand for the products of U.S. agriculture. Also reports on U.S. policies and programs to expand agricultural exports.

Free distribution is limited to persons and organizations in the business of disseminating agricultural information to the U.S. public. This includes editors, educators, agricultural and trade associations, libraries, and U.S. Government officials. Send your request to Information Service Branch, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 20¢ each; domestic subscription, \$7.00 a year; foreign subscriptions, \$9.25 a year (including postage). When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C., 20402.

World Agricultural Production and Trade Statistical Report

Content.—Issued monthly. Replaces former World Summaries of Crops and Livestock.

Distribution.—Free in the United States. Apply to Foreign Agricultural Service, U.S. Department of Agriculture, Washington, D.C., 20250.

LIBRARY LISTS

Content.—The lists are bibliographies of selected references on given subjects. The items cited are usually annotated, classified or topically arranged, and are supplied with author and subject indexes. The scope and period of time covered vary in each list and depend upon the requirements of those who request compilation. The lists cover a wide variety of subjects and are issued at irregular intervals. They are designed to meet the needs of research workers in the Department and elsewhere by supplying a literature review of technical citations on agricultural and related subjects.

Free distribution is limited to employees and official cooperators of the U.S. Department of Agriculture, to libraries, colleges, experiment stations, agricultural associations, and similar institutions. Library List No. 25, revised in 1966, entitled Available Bibliographies and Lists, may be obtained upon application. For single copies of any available Library List or for addition to the mailing list, write to the National Agricultural Library, Beltsville, Maryland, 20705.

NEWS FOR FARMERS COOPERATIVES

Content.—Issued monthly by Farmer Cooperative Service, News for Farmer Cooperatives contains educational and informative articles by research workers and other leaders of farmer cooperatives. It covers management, organization, financing, policies, merchandising, operations and communications of farmer cooperatives. It is issued monthly and is illustrated.

Free distribution is limited to farmer cooperatives, public institutions, and persons primarily concerned with cooperatives among farmers. Apply to the Farmer Cooperative Service, U.S. Department of Agriculture, Washington, D.C. 20250.

Sales distribution.—Single copies, 20¢ each; domestic subscription, \$2.00 a year; foreign subscription, \$2.75 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

NOTICES OF JUDGMENT

Content.—Notices of judgment give the essential facts of seizure and prosecution of cases brought under the Federal Insecticide, Fungicide, and Rodenticide Act approved June 25, 1947. Notices are not issued at specific intervals but are published in groups after the termination of the cases in court.

Distribution is free. Persons wishing to receive notices of judgment in regard to insecticides, fungicides, rodenticides, herbicides, and devices may have their names placed on the mailing list by applying to the Plant Pest Control Division, Agricultural Research Service, U.S. Department of Agriculture, Washington, D.C., 20250.

PESTICIDES DOCUMENTATION BULLETIN

Content.—This biweekly publication is an index to the literature on pests and their control and the impact on the economy and man's total environment.

Free distribution is limited to Federal and State agencies, libraries, agricultural associations and similar institutions. Apply to the National Agricultural Library, Beltsville, Maryland, 20705.

Sales distribution.—Single copies vary in price; domestic subscription, \$32.00 a year; foreign subscription, \$40.00 a year. Do not add postage for subscriptions to be sent to a foreign country. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

SOIL CONSERVATION

Content.—Soil Conservation is a monthly, illustrated periodical containing up-to-date information about soil and water conservation, land use, and related natural resources. As the official organ of the Soil Conservation Service, it features new developments in programs involving that agency, soil conservation districts, watershed projects, urban and suburban land-use planning bodies, and citizens' groups interested in resource conservation. The nontechnical articles are written in a manner to appeal to the general reader and are suitable for use in schools and by popular educational organizations.

Free distribution is limited to cooperators of the Department engaged in soil conservation activities, agricultural colleges and libraries, experiment stations, conservation organizations, information media, and similar institutions. Apply to the Soil Conservation Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies, 20¢ each; domestic subscription, \$2.00 a year; foreign subscription, \$2.75 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

STATISTICAL SUMMARY

Content.—Statistical Summary, prepared for ready-reference desk use, is a monthly 4-page condensation from regular crop and livestock reports of the Statistical Reporting Service and from other statistical reports. It covers production estimates or prospects for various crops, farmers' average prices compared with effective parity prices, farm-retail price spreads, farmers' cash receipts by States, and various other statistical information.

Free distribution.—For sample copies or addition to the mailing list, write to Division of Information, Office of Management Services, U.S. Department of Agriculture, Washington, D.C., 20250.

SUGAR REPORTS

Content.—This monthly publication contains the latest available sugar statistics and data on the domestic movement, supply and price situation, analysis of domestic and world market situations and of current problems of interest to domestic producers and consumers.

Free distribution.—For sample copies or addition to the mailing list, write to the Agricultural Stabilization and Conservation Service, U.S. Department of Agriculture, Washington, D.C., 20250.

TREE PLANTERS' NOTES

Content.—A quarterly periodical that reports work in forestation research and practice: Forest nursery management; planting and direct seeding of forest trees; windbarrier and shelterbelt planting; tree improvement; and equipment used in all phases of forestation. In addition, one issue annually in December gives summaries of nursery stock distributed; acres direct seeded and planting in forests, windbarriers and shelterbelt and acres of seed orchards and seed production areas established.

Free distribution is limited to nurserymen, forest managers, forestry schools, libraries and others interested mainly in tree planting. Apply to the Forest Service, U.S. Department of Agriculture, Washington, D.C., 20250.

Sales distribution.—Single copies 30¢ each; domestic subscription \$1.00 a year; foreign subscription, additional 25¢ a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

WORKING REFERENCE OF LIVESTOCK REGULATORY ESTABLISHMENTS STATIONS AND OFFICIALS

Content.—This reference is an essential working tool in administering the Federal Meat Inspection Program and the programs designed to control and eradicate animal diseases. It provides Livestock Regulatory Officials information concerning facilities available in the various Branches and it makes available a current reference to meatpackers operating under inspection and identifies establishments eligible to receive sealed cars of unmarked or restricted products.

No free distribution.

Sales distribution.—Single copies, 70¢ each; domestic subscription, \$7.50 a year; foreign subscription, \$9.25 a year. When remitting for a subscription to be sent to a foreign country do not include postage. Send request and remittance to the Superintendent of Documents, Government Printing Office, Washington, D.C., 20402.

SECTION III

INDEX TO TITLES

This index is a ready reference to titles of the publications listed. It is not a reference to their contents.

Figures following entries refer to page numbers: "a" following the number indicates left-hand column on the page indicated; "b" following the number indicates right-hand column.

HOW TO OBTAIN VISUAL AIDS

MOTION PICTURES

The motion pictures produced by the Motion Pictures Service, Office of Information, Department of Agriculture, are informational and instructional. They are designed to aid in disseminating information on agricultural products, their production, distribution and utilization. They demonstrate improved methods in agriculture and home economics, stress the need for conservation of soil, forests, and other resources, explain the production credit system, forestry, land use, marketing, rural electrification, and kindred subjects, and help to increase the effectiveness of cooperative extension work.

The Department has available approximately 325 16-mm. sound films, most of which are in color. Approximately 250 of these films have been released for television use. Prints of Department films may be borrowed from 69 cooperating film libraries in the 50 States, the District of Columbia, and the Territory of Puerto Rico, or may be purchased outright at nominal cost. A catalog of films, with short descriptions, names and addresses of cooperating film libraries, and details regarding their loan and purchase is available from the Motion Picture Service, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

FILMSTRIPS AND SLIDE SERIES

Filmstrips and slide series cover a variety of agricultural and home economics subjects and are accompanied by supplementary notes for lecture use. A price list of available filmstrips and slide series, which are for sale only, may be obtained from the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

PHOTOGRAPHS

Reproductions of photographs which have been obtained in connection with authorized work may be purchased from the Department. Prices for prints and enlargements will be quoted upon request. However, no reproductions will be made for applicants, other than Federal agencies, until payment for them has been received. A minimum charge of \$1.00 is made on all orders.

A price list of photographs of drawings of crop seeds and seedlings may be obtained from the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.

The Department will not furnish reproductions when it is believed that they may be used to show, by implication or otherwise, that the Department endorses any commercial product.

When ordering photographs of illustrations appearing in Department publications the negative number, if shown, title, and date of issuance of each publication should be given. Requests should be addressed to the Photography Division, Office of Information, U.S. Department of Agriculture, Washington, D.C., 20250.
